

## SGS New Customer "Wish List"

Welcome to the SGS family of customers. To better serve your hardware needs, we ask new customers to note product they would like SGS to stock for them. We will not hold you responsible in any way for your "wish list," we simply would like input as to what you, as a new SGS customer, need. **Very important:** Please include rough usage, I.E. (weekly, monthly, quarterly?) Any estimate will help us. Our goal is to maximize initial order completion, and minimize back orders.
